The Academy Hout Bay: Recommended Textbooks 2016

Dear Parents

On the previous page is the recommended text books and novels for candidates preparing for the Cambridge International Examinations. The Academy has a variety of text books for use by the students and the online Virtual Learning Environment also provides a wealth of learning resources. However, it is often better to have one's own text book as an "anchor" for ones studies.

The text books in GREEN can all be found at <http://cup.co.za/tags/Cambridge-igcse> or <http://cup.co.za/tags/cambridge-international-as-and-a-levels>

In addition the other text books can be found through <http://hoddereducation.co.uk> alternatively <http://www.loot.co.za/> or <http://www.takealot.com/> is another good source.

These are the latest editions of the text books specifically recommended by Cambridge to assist in preparation for each specific subject. The Academy does have **IGCSE Chemistry and Physics text books**. Although older they are still perfectly usable in conjunction with our on line resources and are available **free** to our first cohort.

The Afrikaans text book is an excellent option, one which we discovered through colleagues at Peak Academy and we will provide them at a nominal cost to cover printing.

Ebooks

Some of you might wish to purchase the ebook version of the text. This is a perfectly acceptable alternative and often cheaper. However, the student would then require a tablet or laptop.
